These are the students, future leaders, and game changers whose dreams your generosity supports. These are their faces; now hear their stories.

This is Gabriela’s story.

Kids’ Chance provides scholarships to children of workers who have been seriously or fatally injured on the job.
Gabriela G.
Kids’ Chance of Florida Scholarship Recipient

“My dad’s incident occurred in 2007. It affected our family pretty dramatically, not only financially but also emotionally. It was only my mom—my mom’s income—for about ten years, so we had to cut back on a lot of things. As far as emotionally, it was pretty tough, but we were able to overcome all that, and we’re doing a lot better today.

Kids’ Chance has definitely allowed me to go through experiences that have helped me build upon the passion I have for medicine and to continue working towards the end goal, which is to one day become a medical doctor. They pretty much put me through college for not only the first year, but the second year.

Honestly, without them, I don’t know if I would be where I am today.”
