These are the students, future leaders, and game changers whose dreams your generosity supports. These are their faces; now hear their stories.

This is Gabriela’s story.
Gabriela G.
Kids’ Chance of Florida Scholarship Recipient

“I heard about Kids’ Chance through Friends of 440. I went to the interview for that scholarship and Kids’ Chance happened to be there that day, so I always say that’s my lucky day—that they found me, and I found them.

Having this opportunity to have this Kids’ Chance scholarship has just been a blessing to me. I not only have the support of my family, I know that I have the support of a huge organization behind me, just pulling for me to get through and to continue my education to better myself and my family.

I go to Nova Southeastern University, and I’m a nursing major. I always felt like I was meant to do nursing and to help and care for people.”
